

TRAIN THE TRAINER WORKSHOP i-Tree Urban Forest Inventory Measurements & Data Collection Training

Be part of co-creating a tree canopy map for Birmingham!
Become a tree inventory team leader!
Training limited to 10 adults.

Date: June 13, 2017

Location: Ruffner Nature Center

CONTACT: francesca.gross@tnc.org

10:00 -10:45 AM	Review Data Collection Forms
10:45 - 11:45 AM	Tools of the Trade: DBH and Clinometer Training
11:45 - 12:30 PM	Lunch on site
12:30 – 1:00 PM	Cont’d Tools of the Trade: DBH and Clinometer Training
1:00 – 3:00 PM	Data Collection Training (using paper and app methods)

Trainer: Beau Brodbeck, Alabama Extension

See www.itreetools.org *i-Tree is a state-of-the-art, peer-reviewed software suite from the USDA Forest Service that provides urban and rural forestry analysis and benefits assessment tools.*

LOCATION: Classroom will be in Ruffner Nature Center, 1214 81st Street South Birmingham, AL 35206

REGISTRATION: Register on EventBrite to pay for lunch and confirm attendance. Limited to 10 people.

COMMITMENT: This registration requires a commitment that you will recruit 1-2 volunteers for the Summer 2017 tree inventory of 3 parks in the East Lake Neighborhood - East Lake Park, John Hawkins and Wahouma Park. Additional training will occur in June.

FUTURE EXPECTATIONS: Expectations from volunteers: perform 40 hours of service collecting tree inventory data from June to August 2017. With a buddy, you will record tree inventory data and submit the information to Francesca Gross at The Nature Conservancy to build the tree canopy map for these areas. You will be part of the first on-the-ground tree inventory of our city!

Part of the Urban Forest Management Plan through the Jefferson County Urban Forestry Group
